The NZ Sport Horse Promotion Board Inc. is working towards being a web based registration system where information is more accessible to breeders, riders and others with an interest in producing better sport horses. We feel a more open and transparent registration system will reward all breeders regardless of size and specific breed interest. The far column is to indicate what information you are prepared to have listed on the Members page of the NZ Sport Horse website as associated with your horses, printed in publications and on the certificate of registration of a horse. If you choose to NOT display the information, enquiries can still be made to the Registrar for contact information. NOTE – the default for all contact is by email. If you do not have/want email contact, a postage surcharge of \$10 per year will apply.

All the following information is required for NZSH records. Please indicate YES or NO in space provided if you DO / DO NOT want item to be shown on website or in publications.
