

Pedigree/Profile information for Age Breeding Series Database

Use this for horses currently competing or due to START next year as a 4 or 5 year old

Please post or fax to:

Main-Events Software, PO Box 448, Masterton FAX: 06 378 2310 email info@main-events.co.nz

Use this to record 3 generation pedigrees and other details of your horses that you intend to compete in the Age Breeding Series for next year (or the current season). There is no charge for this currently. This is NOT an application for NZEF registration which must also be done before you actually compete with the horse. All details including registration will be checked against NZEF records before publishing on the website. Only horses competing in the series will appear on the website although a list of up and coming horses may be published.

Please note - all horse info marked with an asterisk * will be on website for horse. This does NOT include address, phone or email information but will include a full pedigree and results in Age Breeding Classes. PLEASE CHECK ALL DETAILS especially SPELLING!
